

Information on the Heavy Traffic Class 2 Course

The Class 2 Licence is a 2 day course. It consists of 2 Unit Standards throughout the 2 days. It also involves the passing of your learner licence. You will be instructed on the Class 2 & General Road Code, when you are ready you then head down to the A/A or VTNZ to sit the Class 2 Learner Licence. (You are not required to purchase a road code for this.)

You will then come back and you are required to be trained and work through each Unit Standard by filling out a work book. (This is an open book exercise) as this is part of your learning process, followed by a closed book assessment. The 2nd day you will finish any training and assessments and be taken for a pre assessment drive which can take from 15mins to 1 hour depending on your experience. The assessor will then take you for a practical drive. Once you are competent on the Assessments and Drive you will be given your Class 2 Licence Certificate which you then produce to the A/A or VTNZ, where it is recorded onto your licence.

If you have any problems with reading or writing or with numbers, then please inform us. We need to know so we can support you. There are a variety of options we can offer you.

If you would like to know more information about the Heavy Traffic Class 2 Licence, please don't hesitate to contact the office for further questions.
